

Clinical Assessment, Treatment, and Intervention Strategies for Swallowing Disorders

08:30 - 10:30

Bedside Clinical Assessment of Swallowing Disorders

Session Chair: Celil Göçer

Moderator: Kayhan Öztürk

Panelists:

Fatma Esen Aydınlı: History-taking, Diagnostic Questionnaires, Quality of Life Scales, and Screening Tests

(PAS, DIGEST, etc.)

Mustafa Şahin: Examination Techniques: Assessment of Oral Cavity, Tongue and Jaw Movements, and Evaluation of Respiratory-Passive Swallowing Coordination

Önal İncebay: Swallowing Tests: Safe and Quick Application Methods, such as the Water Test and Food Test

10:30 - 11:00 Coffee Break

11:00 - 12:30

Instrumental Assessment Methods in Swallowing Disorders

Session Chair: Bülent Toğram

Moderator: Emine Elif Altuntaş

Panelists:

Tamer AbouElsaad: Flexible Endoscopic Swallowing Assessment

Mehmet Burak Aşık: Transnasal Esophagoscopy

Ebru Karaca Umay: Videofluoroscopic Dynamic Swallowing Evaluation

Ülkü Dağlı: Manometric Assessment

Seren Düzenli Öztürk: IOPI (International Outcome Inventory for Swallowing) Assessment

Hakan Gölaç: Electrophysiological Evaluation

12.30 - 13.30 Lunch break

13:30 - 15:00

Therapeutic Approaches in Swallowing Rehabilitation Session Chairs:

Engin Dursun, Sevtap Akbulut

Moderator: Güleser Saylam

Swallowing Therapy Methods and Exercise Protocols

Panelists:

Fatma Esen Aydın, Önal İncebay, Elif Aksoy, Mustafa Şahin

15:00 - 15:30 Coffee Break

15:30 - 17:00

Advanced Treatment Methods and Technological Support

Session Chairs: Bülent Gündüz, Ozan Özgürsoy

Moderator: Mustafa Şahin

Panelists:

Gülbin Ergin Gedik: Respiratory Training in Swallowing Disorders

Didem Çevik: Electrical Stimulation, Biofeedback, and Other Technological Approaches

Gül Baltacı, Nihan Özünlü Pekyavaş: Kinesiotaping Applications in Swallowing Disorders

Necati Enver: Comparison of Clinical and Technological Methods and The Future of Swallowing Treatments
